Regarding:

Someone stating they are with "Microsoft" locking my computer & trying to get my bank account info.

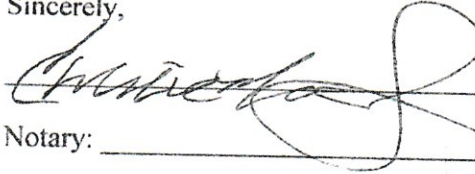

In approximately **August 2024** my computer locked, started blinking and a message appeared on my screen stating it was from Microsoft (see attached Exhibit A – which is the person's name and contact information that appeared on my computer screen). Also see Exhibit B – Windows Security Alert and Exhibit C – Connecting. The "bot" voice coming from the computer stated my computer was hacked and that I needed to call the number on the screen if I wanted to get my computer unlocked.

I called the number on the screen (see attached Exhibit A) and someone named **Justin William** answered and stated he was with Microsoft, Empl ID No MSJW098, Extin 817882, Tele # (202) 830-1133. Justin sounded like a white man (*not Chinese*) and I heard several white men talking in the background. Justin unlocked my computer, however he started asking me for my bank account password and stated that he needed to check to make sure no one was able to get into my bank account. When I told him I do not bank online and refused to give bank account info., he put his Supervisor on the phone to demand I give my information. It was at that point that I realized they were hackers and I hung up

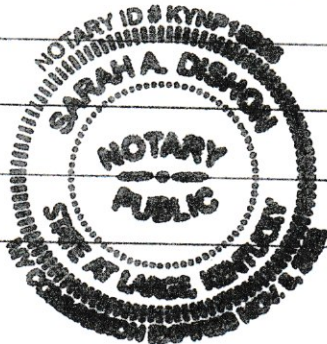

I do suspect corrupt officials in my town and if you go to my website justiceforallcitizens.com you will see evidence of the reason I do suspect them, because if you look on the page entitled, "Death Threats and Set ups", in one of the Hate/Sexual Degradation/Death Threats I have received from them they state they send things from my IP address, have key loggers on my computer, have a pen register on my phone, etc. Also, I have tried to report this crime and others committed to my local officials and they have refused to take any reports.

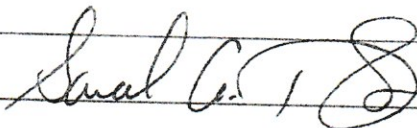

In closing, I have been interviewed by the United States Department of Justice (USDOJ) regarding corruption in my town, during their investigation of the Breonna Taylor murder by the Louisville Metro Police in Louisville, KY, which you will see on my website. I await your response.

Sincerely,

Notary: _____
