RE: Lt. Brandon Hogan and the shooting of O'Mauri Downs.

Though I do not know the young man that was involved in the robbery and shot by Lt. Brandon Hogan on July 26, 2026 at the Monserrat Apartments located at 5th and York in Louisville, KY, I have decided to provide evidence that Lt. Brandon Hogan is a corrupt police officer, **as I have previously had an experience involving lies and being framed by Lt. Brandon Hogan, in which I am providing you the evidence of my accusations.** I am not asking you for help regarding my experience, however I want it to be known that he is heavily involve d in corruption, inclusive of set-ups, hate crimes, assaults, false statements and does not show up for court even when subpoenaed.

1) **No Show for Court, Beaten and False Arrest** - I was stomped by the Louisville Metro Police on **June 26, 2012,** inclusive of Brandon Hogan after Brandon Hogan made a false report. When I went to the Police Station to file a complaint regarding Louisville Gas and Electric installing various items on my property without ID, Brandon Hogan made me leave the police station and followed me out. He made a statement to me and I told him I was going to report him and the other police to Professional Standards. I was then followed by him, pulled out of my car by him and his corrupt buddies and stomped. **(See Exhibit A & B – A – How it began and B-My injuries).** To cover up their assault on me they tried to state that I tried to run over Brandon Hogan, which was later taken out of the case. **(Exhibit C – Brandon Hogan did not show up for court, even when subpoenaed)**

   (You will find the actual court case with this evidence inclusive of videos on my website justiceforallcitizens.com on the page entitled, "Connie Beaten and Arrested, just scroll down to the Dec. 4, 2013 and the Nov. 7, 2013 dates on that page).

2) **Hate Telephone Call** – ***I retrieved my car on July 2, 2012*** and had a threatening call stating, "I'm so glad we got you we are going to keep you locked up forever", which let me know the police had been pursuing me for no reason. **The person that had my telephone when I went to the hospital was Lt. Brandon Hogan.** This message was put on my phone and my phone was thrown in the front seat of my car. **Exhibit D – the message.**

   (You will find the actual audio tele call that came from 574-7111 on my website justiceforallcitizens.com on my homepage, just scroll down)

3) **Hate Email – from Brandon Hogan – I started receiving hate emails and hate tele calls from Brandon Hogan and his buddies after the set-up and assault on me in 2012. One of them has Brandon Hogan's name on it and I was called a 'Bitch". He talks about how he enjoyed every second of beating my ass and states this is how they deal with niggers with big mouths and that he has qualified immunity. (Exhibit E- the email from Brandon Hogan)** ***Note: I am also sending you Exhibit F-as Brandon Hogan and the LMPD state they send things from my Internet Connection and have a pen register on my phone, in case you doubt that Brandon sent the email. They have also sent me other emails in which they state they have key loggers on my computer, a pen register on my phone and send things from my IP address.***

(You will find the other Hate mail, Death Threats and Sexual Degradation emails on my website justiceforallcitizens.com on the page entitled, "Death Threats and Set ups" and you will also find the tele calls on my website on the page entitled, "Harassing Calls Audios.")

In closing, Though I do not know O'Mauri Downs or anyone he is affiliated with, I am willing to speak publicly on O'Mauri Downs behalf regarding Lt. Brandon Hogan.

Sincerely,

I called Metro Call and the Chief's Office several times requesting a Civilian Reporting Unit, because I have been tortured and tormented by the Louisville Metro Police, particualarly the 2nd Division and the 1st Division for several years. I waited a few hours and a Civillian Reporting Unit did not show up, however Officer Priddy showed up and he is a police officer that I have been continuosly been tormented by, *see page on this Website entitled "Police Videos & Pics."* I told him that I did not want to speak with him and he laughed and left. The following pictures are pictures of his car.

At approximately 3:30 p.m. I went to the Louisville Metro Police Department's Headquarters to file a complaint regarding the LG&E Representative working on my property with no I.D. and refusing to give me his last name. When I arrived at the LMPD Headquarters a Police Officer came out and I do not remember his name, but he may have stated Chandler. The Police Officer took my report and other officers started milling around as if they had been waiting for me. I think I saw approximately five or six police officers standing around. After he Police Officer (Chandler, not sure of name) took my report on a legal pad, I ask him for the report number. He stated that he was not going to give me a report number. I told him that I wanted to talk to the Chief and he stated, "I'm about as high as you are going to go." I then told the clerk that I wanted to speak to the Chief and the officers told me that I was not going to. I was then told that I was being disruptive and that I had to leave. Officer B. Hogan became aggressive when I stated that I was going to report them to Professional Standards and he put his hand on me and told me to leave as I was going down the steps. B. Hogan followed me out and when we got outside he said, "You're going to jail." I said, "For what, I haven't done anything?" B. Hogan started toward me and I got in my car, I then stated, "You can kiss my ass," because I have been tormented by the police for years and no one will do anything to discipline them. Fearing for my life due to the extreme amout of corruption in the Louisville Metro Police, I pulled out and he was behind my car (I was not trying to run over him or back into him and I did not do either). B. Hogan jumped in his car and started chasing me and turned on the siren. I feared for my life due to the corruption and kept going, I was not speeding, however he could not catch up to me because traffic was heavy. I then saw several other police cars following me. At no time did I drag a police officer or even try to hit a police officer. I came to a stop at 1st and Broadway and B. Hogan was bamming on my window stating, I'll break out the dam window get out of this car." I opened the door to get out and was trying to get the keys out of the ignition and I was yanked out of the car by my left arm slammed on the ground and someone was stomping on my back, while someone else was twisting my wrist extremely tight. My chin was scratched, legs scratched, arms scratched and my back and head were in extreme pain. I was sat on the curb for display and then thrown in the back of a hot police car while they waited for the ambulance to come to take me to the hospital. *I am currently experiencing pain on my left side, my back where I was stomped on and my chest cavity around my heart and I can hear a popping noise when I move my arm.* ***When I ask what I was charged with when he started following me B. Hogan stated, "You were disruptive." I stated that is not true and you all have cameras at the police dept. that will prove that I was not disruptive. B. Hogan then stated that I tried to hit him with my car outside the police dept. and I told him that also was not true and there should be cameras outside the police dept.***

The next thing I know I was reading in the paper that I was charged with dragging a police officer and that the officer did not get hurt. *These are all lies told by the Louisville Metro Police Dept. to coverup what they have been doing and what they did on June 26, 2012.*

Scar on Foot from Assault by Louisville Metro Police Dept.

This Report states the Police Laid me on the ground, but I was slammed on the ground by the Louisville Metro Police and my back was stomped on.

On July 6, 2012, I revisited the Emergency Room due to extreme chest pain, back pain, side pain and arm pain. I was told that I have a chest wall contusion and that I would need to get an MRI for the popping in my arm. I was not given any info. on my back and side, but was told to visit a clinic.

I Revisited The Hospital for Chest Pain, Back pains, side pains and arm pains on July 6, 2012. I was treated for the chest pains and it was stated that I have a Chest Wall Contusion.

*After Revisiting U of L Hospital on July 6, 2012, I went back on July 11, 2012 to get my XRays, CT Scan and additional reports. The following was stated in paragraph one of the report: "The Heart appears slightly enlarged but unchanged since prior study." Note: prior study was on June 26, 2012 when the police assaulted me and stomped on the left side of my back. Paragraph one also states, "There is compression deformity of several upper thorarcic vertebra." Paragraph two states the following: Impression: "Mild Cardiac Enlargement"

I will soon be adding my Xrays which shows the chest wall contusion and other injuries.

Medical Update Document from University Hospital - Received with my X-rays and CT Scan

"Note: There are scars and scratches on my, leg, arm, upper thigh and back that were not photographed"

*Current Medical Status: Still experiencing pains in chest, side, back and popping noises in left arm. Also on June 12, 2012 I begin experiencing popping noises in my neck on the right side.

I was pulled out of my car by my left arm, slammed on the ground and stomped on on the upper left side of my back by the Louisville Metro Police Dept.

Police Miss Court Sixteen (16)Times

Police Ofc. Brandon Hogan subpoenaed and a No Show. See Dec. 2013 Louisville News article entitled, "Louisville police begin tracking problematic officers for prosecutors, defense" http://www.wdrb.com/story/24155199/louisville-police-began-tracking-problematic-officers-for-prosecutors

This not the first time police officers have not shown up for court there was another article in the Courier Journal paper in 2009 regarding the same problem entitled, "Hundreds of cases dismissed because police officers don't come to court" http://www.courier-journal.com/article/20090315/EXTRAS04/903150413/?nclick_check=1

Police Miss Court even when Subpoenaed

Part 9 of 18 - Still No Hearings

The Psychological Evaluation was fraudulent. A competency hearing will be held on Dec. 4, 2013. I have filed a complaint with the United Nations and I have also asked for Precautionary Measures due to the fact that I fear for mylife. The police threatened to kill me and my daughter if I did not plead guilty. I was then told by a previous attorney that I could plea bargain and I stated NO. Now they are thring to meke me look as if I am mentally incompetent. They are looking for a way to dispose of the case without having to expose the corrupt acts of the police and the fact that this case should have been dismissed as the police have never shown up and there is No Criminal Complaint filed RCr 2.02 filed in the case. Also, for the record "I am NOT GUILTY." Most recently after getting a copy of the Case History and the subpoena, I found out that the Officer involved - Brandon Hogan - was subpoenaed to come to court on November 7, 2013, however as you can see on the court video he did not show up, and the judge, the prosecutor and the court appointed attorney did not even mention Police Officer Brandon Hogan is not in court even when subpoenaed. I will not plead guilty, I will not take a plea and I will not plead mentally incompetent to cover up for the Louisville Metro Police.

Disturbing Message Left By
The Louisville Metro Police Dept.
After the Stomping and Illegal Arrest of
Connie Marshall
on June 26, 2012

When I was taken to the hospital regarding the injuries I incurred from the Stomping by the Louisville metro Police, I asked for my purse and was told by the police officer that it was in their car. Upon retrieving my car on July 2, 2012 from the Police Impoundment Lot, I noticed someon had thrown my Android cell phone on the front seat of my car When I arrived home I charged my Android cell phone and though I have no criminal history the disturbing message in the video was on my cell phone. This message came from the Louisville Metro Police Dept.'s telephone number and proves that they have been targeting and pursuing me for some time for no reason, as the key phrase in their message is:
"I'm So Glad We Finally Got You"

Incriminating Audio

This email was sent to my Google and my Justice Email Account.
In this emailed Death Threat they talk about wanting me to get a shot in my arm and taken to Central State Hospital (which is a mental hospital) just like my grandson. For the record my grandson has no mental problems but has been targeted and the police did take him to Central State Hospital and he also told me that he received a shot in his arm when they took him to U of L hospital before they took him to Central State. Only the Louisville Metro Police would know this.

They also mention the name of the police officer that was involved in the false arrest and stomping that I endured from the police on June 26, 2012.
