JUN 14 2013

To Whom It May Concern,

This letter is concerning an individual named Connie Marshall. **Please forward this fax to the attorney prosecuting Connie Marshall's Case.** It is my understanding that Ms. Marshall is currently being prosecuted by the County's Attorney's Office regarding criminal activity against the Louisville Metro Police. I live on South 23rd Street, the same street Ms. Marshall currently lives.

Within the past several days, **Ms. Marshall has been going up and down the street, spitting on people's cars and raving about the Louisville Metro Police Department. She has threatened violence against the police** and made a variety of threatening remarks against the police department and other people on our street. Having talked with a few other neighbors further down the street about this matter, we are all now concerned for our safety and for the safety of the police department.

Ms. Marshall's threats have escalated, where she is now threatening to physically harm herself and others, and that she is "oppressed" by the police department. She has also started banging things to get people's attention to signs she has made and spitting on people's vehicles.

I ask the County Attorney to **please do something about this woman!** She swings from good days to bad days. When she is having a bad day, it is now to the point that people are afraid to let their children out around her and we are actually living in fear. We have filed complaints with the police, but usually by the time they are here, she has locked herself in her house and screams at them.

Thank you,
Residents of S. 23rd Street,
Louisville, KY
